Lucas Gualberto

Full-Stack Developer

São Paulo, São Paulo, Brazil

Summary

- I am studying a postgraduate in full-stack development. I also have a master's degree in Physics at University of São Paulo (USP). A fast learner with good communication skills.

- English Level: C1 - Advanced - Galway Cultural Institute (GCI)

- I lived in Ireland for two years in order to improve my English (2022-2023). During this period, I studied in an English school and worked at a local company, meeting people from different countries.

In my master I worked with data analysis using R language.

my personal website:

Experience

Compass Group

Customer Service Assistant

August 2022 - October 2023 (1 year 3 months)

Galway, County Galway, Ireland

Even though I didn't develop my technical skills, I have developed my soft Skills, enhance confidence and now I know that I can learn anything that I want. I am a better team worker because in busy hours we must help each other so that things run smoothly on site. In addition, I made friends from across the world and my English has significantly improved while working with native speakers.

Governo do Estado de São Paulo

Teacher

August 2013 - December 2021 (8 years 5 months)

São Paulo, Brazil

I was a physics and math teacher in the secondary school. I also had experience as a teacher assistant in higher education
